We aspire to become the leading provider of virtual exposure to individuals or corporations who wish to market properties to an international clientele. For a while we have been the #1 Internet provider of accommodation in The Philippines, and we have completed the task of adding Denmark, Thailand and Turkey to our portfolio. Within the near future countries like United Arab Emirates, South Africa, Australia and Singapore are to be added to our site. We do this through partnering up with property developers, managers, owners and brokers in the respective countries, and in case you should wish to add a new country to our portfolio, either by uploading a property or joining our Partnership Program then let us know, and the task will be executed within a few days.

Our head office is located in Metro Manila, The Philippines, but we will answer inquiries from any location in the world, and welcome any questions, critique, or recommendations.
